Survey Feedback

- To support the continuation and development of ACM we encourage you to circulate the Audience Participant Survey to those who attend your events. Survey information and relevant materials will be given to you by the ACM team in the form of a QR code. The results of this survey will be extremely valuable to see how we can better improve our services and support in future years. The ACM team is also available to help you achieve this.
- We also encourage participants to complete the Participant Survey which will be circulated to event hosts in September. This survey allows us to better your experience in ACM and to fully understand your needs. We look forward to working with you!
